Steel crochet hook for beautifully even stitches

Steel Crochet Hook with Cushion Grip

Reasons why Tulip's steel crochet hooks are loved by people around the world

*Tulip's steel crochet hooks are used in more than 50 countries.

② The ideal length of hook body makes it easy to keep all stitches even

The ideal length, which enables users to crochet beautiful blocks when making filet crochet, has been determined after careful consideration.

① Tapered portion allowing users to keep their stitches even without effort

Sliding on a gentle taper makes all stitches the same size by themselves at the d size position.

Even beginners can keep all stitches even without effort.

The special grinding applied by using Tulip's original techniques can create a smooth taper. The d size can be reduced to 0.35 mm.
